Why Choose Nanolight for Your LED Trough Light Solution?

THE MOST WATERPROOF AND DUSTPROOF

Nanolight is the only trough light rated IP66 in the UK.

THE MOST EFFICIENT

Delivering unmatched performance, our high-efficiency LED strip technology operates at an industry-leading 190 Lumens per Watt.

THE BRIGHTEST

Nanolight outputs 2185 lumens from only 11.5 Watts per metre.

YOU SAVE MONEY

Quick to install, zero maintenance and lowest energy consumption.

MOST RELIABLE

Premium components inside, including Tridonic LED power supplies and high-efficiency LED strip technology, makes Nanolight maintenance-free. No repeat site visits!

Nanolight is available in a variety of stock colours (black/white semi-gloss finish included at no extra cost). We can also powder coat to non-stock RAL colours in various finishes. Prices available on request.

Pictorial Set

Pictorial sets can be manufactured to any length. The set includes two Nanolights and double-sided pictorial brackets.

*Sign and wall bracket not included.

Bracket Options

All of the brackets available for Nanolight are powder coated to match the colour and finish of the Nanolight unit. Available in various sizes and styles to suit installation requirements.

Quick-Fix Bracket

Standard Bracket

- 200 mm Quick-Fix brackets included with the purchase of Nanolight. Other sizes and styles are available at an additional cost.
- 4-way adjustability to reach the preferred angle for optimum light spread.
- Strong yet unobtrusive, perfectly coordinated with Nanolight.
- T-shaped bracket to hang and hold Nanolight in place whilst fastening.

Quick-Fix Tray Mount Bracket

Protected by UK registered design 6175031 | Patent Pending

- Designed to mount directly onto sign trays with 50 mm returns or greater.
- Aesthetically pleasing finish with a design that echoes Nanolights iconic shape.

Quick-Fix Pro Bracket

Protected by UK registered designs 6175033 & 6175034

- Tool-free and rapid install – once positioned, simply slide the spring clip over the knuckle to ensure a secure hold.
- Full flexibility on site with a 5-way adjustable design enabling both horizontal and vertical install orientations.

Quick-Fix Cladding Bracket

Protected by UK Registered design 6175032 | Patent Pending

- Designed for cladding, billboards and large format signage.
- Four M10 bolt fixing holes in the wall mount for greater strength and support.
- Fast and easy to install with the spring clip.
- Up to 1 m projection available.

Options

- Other styles of brackets available to suit various installations.
- Quick-fix brackets also available with 100, 300, 400 & 500mm projection.
- Choice of LEDs – 6000K cool white as standard. Or choose 3000K warm white or 4000K natural white.
- Integrated photocell for automatic day/night switching.

Why Choose Vision Lighting?

EXPERIENCE

You can expect high quality products from Vision Lighting because we have over a decade of experience in sign lighting and over 30 years' experience in the signage industry.

ISO 9001 & 14001 CERTIFIED

As a UKAS-accredited ISO 9001 and 14001 company, we are committed to ensuring our product and service quality, and continuously improving processes, while minimising our environmental impact.
